5 and take before the county judge of the county any person found
6 violating any of the provisions of sections 54-701 to 54-753.05 and
7 sections 6 to 9 of this act, and such officer shall immediately
8 notify the county attorney of such arrest. The county attorney
9 shall prosecute the person so offending according to law.

10 Sec. 21. Section 54-750, Reissue Revised Statutes of
11 Nebraska, is amended to read:

12 54-750 It shall be unlawful for any person to knowingly
13 harbor, sell, or otherwise dispose of any animal or any part
14 thereof affected with an infectious, contagious, or otherwise
15 transmissible disease except as provided by sections 54-701 to
16 54-753 and sections 6 to 9 of this act, and the rules and
17 regulations prescribed by the Department of Agriculture thereunder.
18 Any person so offending shall be deemed guilty of a Class II
19 misdemeanor for the first violation and a Class I misdemeanor for
20 any subsequent violation.

21 Sec. 22. Section 54-751, Reissue Revised Statutes of

23 54-751 It shall be unlawful for any person to violate
24 any rule or regulation prescribed and promulgated by the Department
25 of Agriculture pursuant to authority granted by sections 54-701 to

1 54-753 and sections 6 to 9 of this act, and any person so offending
2 shall be guilty of a Class II misdemeanor for the first violation
3 and a Class I misdemeanor for any subsequent violation.

4 Sec. 23. Section 54-752, Reissue Revised Statutes of
5 Nebraska, is amended to read:

6 54-752 Any person violating any of the provisions of
7 sections 54-701 to 54-753 and sections 6 to 9 of this act shall
8 be guilty of a Class II misdemeanor for the first violation and a
9 Class I misdemeanor for any subsequent violation.

10 Sec. 24. Section 54-753, Reissue Revised Statutes of
11 Nebraska, is amended to read:

12 54-753 The penal provisions of section 54-752 shall not
13 be exclusive, but the district courts of this state, in the
14 exercise of their equity jurisdiction, may, by injunction, compel
15 the observance of, and by that remedy enforce, the provisions of
16 sections 54-701 to 54-753 and sections 6 to 9 of this act and the
17 rules and regulations established and promulgated by the Department
18 of Agriculture.

19 Sec. 25. Section 54-2601, Reissue Revised Statutes of
20 Nebraska, is amended to read:

21 54-2601 Sections 54-2601 to 54-2631 and section 27 of
22 this act shall be known and may be cited as the Competitive
23 Livestock Markets Act.

24 Sec. 26. Section 54-2603, Reissue Revised Statutes of
25 Nebraska, is amended to read:

1 54-2603 (1) The Legislature finds that family farmers and
2 ranchers have been experiencing, with greater frequency, severely
3 depressed livestock market prices. These market conditions are
4 disproportionately affecting independent producers, which make
5 up the majority of farms and ranches, and are threatening the
6 economic stability of Nebraska's rural communities. The Legislature
7 further finds that packer concentration, vertical integration,
8 and contractual arrangements are undermining the system of price
9 discovery. In the absence of any meaningful federal response
10 to the conditions described, the purpose of the Competitive
11 Livestock Markets Act is to increase livestock market price
12 transparency, ensuring that producers can compete in a free and
13 open market. This is accomplished by establishing minimum price
14 and contract reporting requirements, eliminating volume premiums
15 and volume-based incentives, scrutinizing livestock production
16 contracts and marketing agreements, and statutorily reinforcing
17 the constitutional prohibition against the ownership, keeping, or
18 feeding of livestock by packers for the production of livestock or
19 livestock products.

20 (2) The Legislature further finds that the mandatory
21 reporting of price and other terms in negotiated or contract
22 procurement of livestock that has been in place under the
23 federal Livestock Mandatory Reporting Act of 1999 is an important
24 reform of livestock markets that contributes to greater market
25 transparency, enhances the ability of livestock sellers to more

1 competently and confidently market livestock, and lessens the
2 existence of conditions under which market price manipulation and
3 unfair preference or advantage in packer procurement practices can
4 occur. It is a purpose of the Competitive Livestock Markets Act
5 to provide for the continuation of mandatory price reporting for
6 the benefit of Nebraska producers and protection of the integrity
7 of livestock markets in Nebraska in the event of termination
8 of the federal Livestock Mandatory Reporting Act of 1999 and
9 its preemption of similar state price reporting laws as well
10 as to provide for an orderly implementation of the state price
11 reporting system authorized by the Competitive Livestock Markets
12 Act, should Congress fail to reauthorize the federal Livestock
13 Mandatory Reporting Act of 1999.

14 Sec. 27. (1) Sections 54-2607 to 54-2627 are preempted
15 by the federal Livestock Mandatory Reporting Act of 1999, 7 U.S.C.
16 1635 to 1636h, when such federal act is in effect.

17 (2)(a) If Congress does not reauthorize the federal
18 Livestock Mandatory Reporting Act of 1999 before December 1, 2006,
19 the director shall, on December 1, 2006, or as soon before or after
20 as practicable, prepare a budget and an appropriation request from
21 the General Fund, from the Competitive Livestock Markets Cash Fund,
22 or from other cash funds under the control of the director, for
23 submission to the Legislature in an amount sufficient to enable
24 the department to carry out its duties under sections 54-2607 to
25 54-2627, and such sections shall become applicable on October 1,

1 2007.

2 (b) If, on or after December 1, 2006, Congress does not
3 reauthorize the federal Livestock Mandatory Reporting Act of 1999,
4 the director shall prepare such budget and appropriation request
5 on or before a date that is twelve calendar months after the date
6 such federal act expires or is terminated, and sections 54-2607 to
7 54-2627 shall become applicable on the first day of the calendar
8 quarter that is eighteen months after the date such sections
9 are not preempted by the federal act. No General Funds shall
10 be appropriated for implementation of sections 54-2607 to 54-2627
11 after the date of commencement provided for in this section of
12 reporting of price and other data regarding livestock transactions
13 pursuant to sections 54-2613 and 54-2623. It is the intent of the
14 Legislature that any General Funds appropriated for purposes of
15 this section shall be reimbursed to the General Fund.

16 Sec. 28. The Department of Agriculture may, within the
17 framework and consistent with standards of the National Animal
18 Identification System, cooperate and coordinate with the Animal and
19 Plant Health Inspection Service of the United States Department
20 of Agriculture and other local, state, and national agencies
21 and organizations, public or private, to define premises where
22 livestock are located, to develop a premises registration system
23 for Nebraska, and to implement other state components of a national
24 uniform system of animal identification.

25 Sec. 29. (1) Any information that a person provides to

1 the Department of Agriculture for purposes of premises registration
2 or otherwise for voluntary participation in or compliance with
3 a uniform system of animal identification shall not be subject
4 to public inspection pursuant to sections 84-712 to 84-712.09.
5 The department and its employees or agents shall not disclose
6 such information to any other person or agency except when such
7 disclosure:

8 (a) Is authorized by the person who provides the
9 information; or

10 (b) Is necessary for purposes of disease surveillance or
11 to carry out epidemiological investigations related to incidences
12 of animal disease.

13 (2) The department may disclose information as authorized
14 by this section subject to any confidentiality requirements that
15 the department determines are appropriate under the circumstances.

16 (3) Any person who violates this section shall be subject
17 to prosecution and penalty for official misconduct pursuant to
18 section 28-924.

19 (4) Nothing in this section shall be construed to
20 prohibit the department from discussing, reporting, or otherwise
21 disclosing the progress or results of disease surveillance
22 activities or epidemiological investigations related to incidences
23 of animal disease.

24 Sec. 30. The Revisor of Statutes shall assign sections 28
25 and 29 of this act within sections 54-701 to 54-705.
